

Pupil voice

P1

I like P.E because we do gymnastics. I also enjoy doing my phonics.

I enjoy playing with my friends and golden time.

I enjoyed science because we got to learn about the moon and stars.

P1/2

I liked learning about who was the first man on the moon.

I enjoy when we get lots of new books, doing handwriting and maths sums.

P2

I enjoy doing hard sums in maths and also getting new reading books.

I enjoyed learning about space, making the planets and the solar system.

P2/3

Writing is going well, we are learning about the rights and we are working on article 24.

We have been doing math games and it has helped us with our maths.

We have been working in cooperative groups to improve our team work.

In art we have been learning different techniques for different things.

P3

We have been doing science experiments to find out how plants grow.

In Maths bar graphs are going well and we have been finding out how to record information.

In PE we have been doing gymnastics and have been using all the gym equipment.

P4

We were learning about energy in science. There are different types of energy such as kinetic, elastic and electric.

We are doing division. We pretended to be pirates in the biscuit factory and shared them into packets.

Reading is good, I like doing it at home too. It's fun because we read aloud to help each other get better.

P4/5

ICT is good because we are doing energy games and it is helping us to understand how it works.

I enjoy silent reading because we get the chance to read ourselves.

It's fun writing out our spelling words. Playing maths games also helps us to get better.

P5

I liked how we learned to pump up the lungs. It showed us how we breathe. The lung from someone who had smoked found it hard to breathe.

I enjoyed doing Disgusting Digestion with the Glasgow Science team. I learned about the Bristol stool chart, it was not pleasant!

In science week we learnt how the ear works and how we hear, I really enjoyed science week.

P6

I'm enjoying 'Celebrating Success' in class. We do 'Personality of the Week', 'Secret Student', 'Star Writers', 'Lucky Star' and Golden Time. We find out what new things we have achieved.

I was learning how our ear works in Science. We made telephones from paper cups and string too.

I'm enjoying learning about the Solar System because we get to learn lots of new information by researching. We have also made planets.

P6/7

For science week we joined up with morning nursery, looked at different instruments and made up a song.

We have created a solar system display, using scale to measure the planets.

We joined up with P6 to design and create Mars Rover buggies. We then tested the buggies on the ground to see if they worked.

P7

Yesterday we went to my World of Work Live, here are some of the things we learnt!

I enjoyed programming the robots.

I liked learning about the new planet. We did experiments to explore static electricity.

I managed to pick up 14 rice crispies with my static balloon

Clothes Swish

Friday 17th March at 9:30am
Holm Primary School

Did you know that the average household in the UK own £4000 worth of clothing!

Of that, more than 30% have not been used at all in the last year!

An estimated £140million (350000 tonnes) of UK textiles needlessly go into the bin (LANDFILL) each year.

"Pass it on Week", promoted by Zero Waste Scotland is coming soon. This fun, social, flexible and environmental reuse event is a great way to keep items in action and away from landfill.

What is a Swish?

It's a swap of good quality clothes and accessories (Bags, belts, scarves etc.), both adults and children. You will receive a token for each item you put into the Swish. You can then exchange these tokens for items that you would like.

There will be a temporary changing area set up for you to try on clothes and ensure a good fit.

We are also hoping to have a seamstress at the event who will be able to make simple repairs to clothes that you wish to keep in action. **If you know of anybody who is handy with a sewing machine and available between 10-12 on 17th March please let me know.**

If you are unable to make it to the swish but have clothes you wish to make available then they can be dropped at the school in the week commencing 13th March.

If anyone has any queries please feel free to contact Jodi on 0797 1530743
